

**Health
Innovation
Network**

Welcome: Mindset XR North of England Showcase Event

Mike Kenny

Health Innovation Network Commercial Director Chair

25th June 2024

Transforming lives through innovation by...

**Improving the health of
patients**

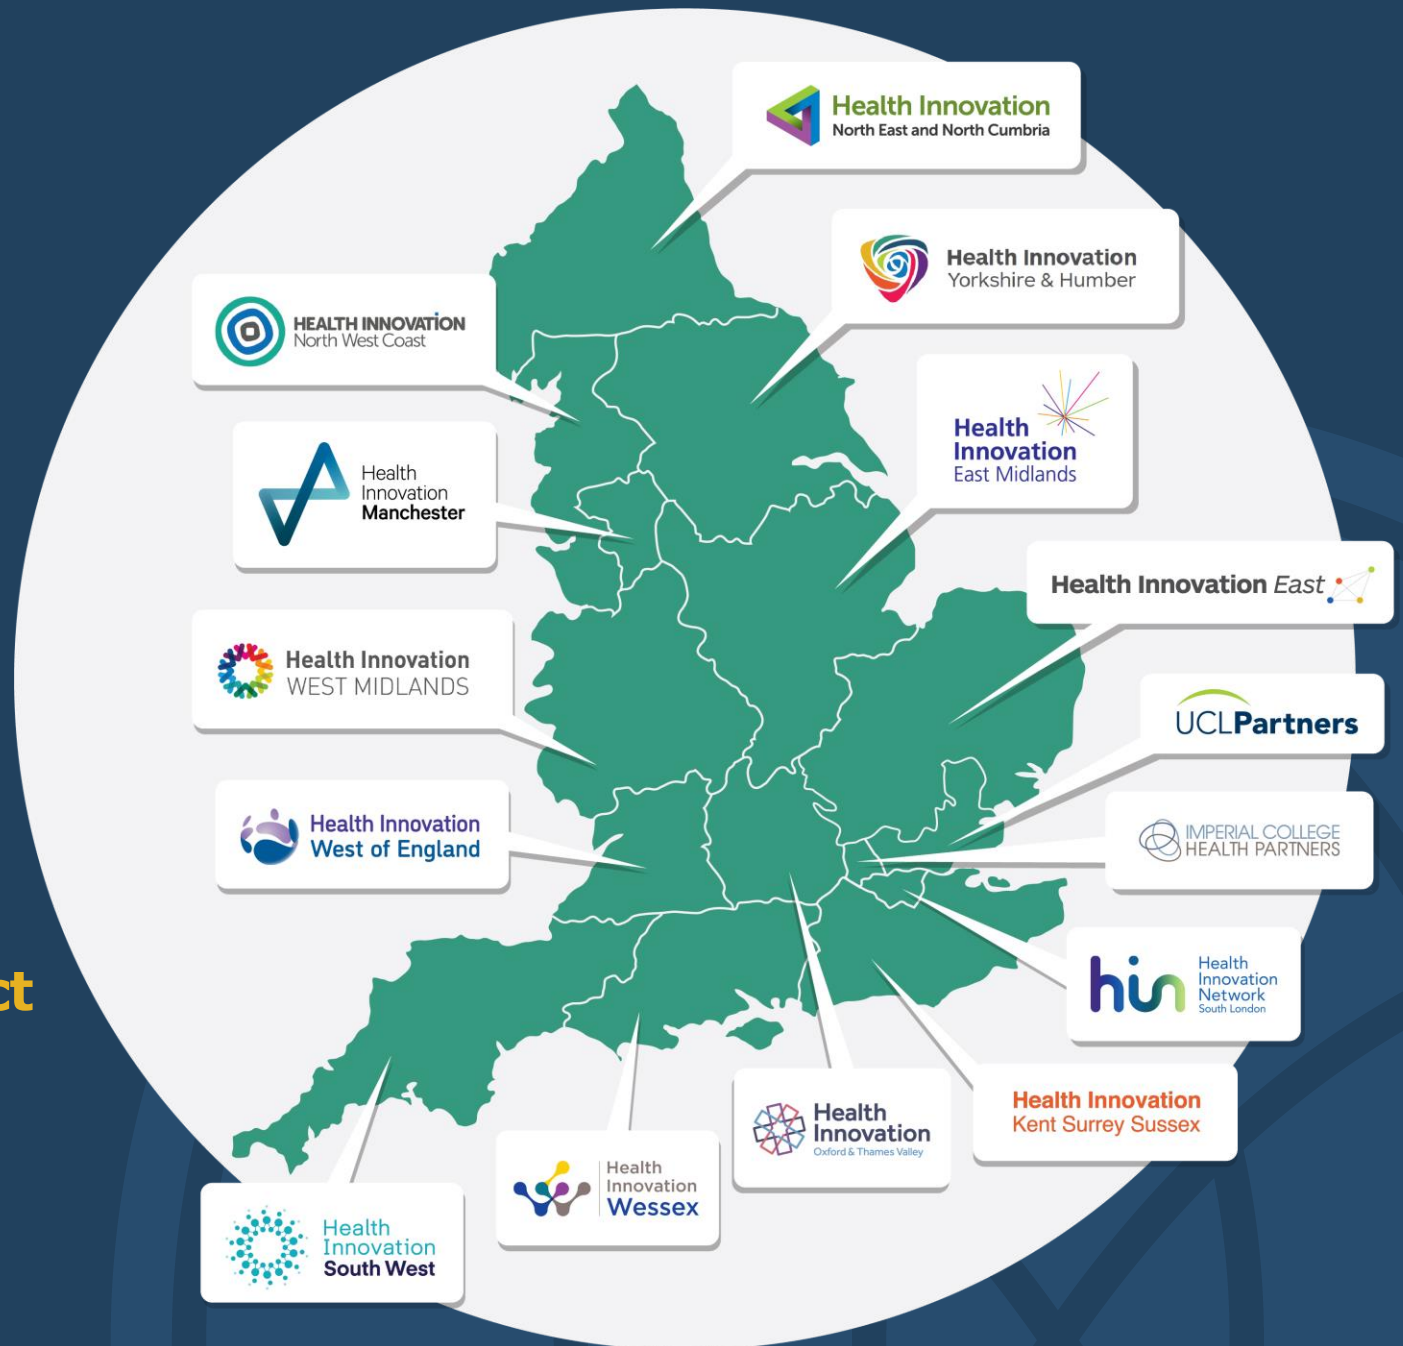

**Saving money in health
and care**

**Driving economic
growth**

'A network of networks'

Local expertise, national impact

Who we support

Patients

**NHS regions
and systems**

Innovators

**NHS
Providers**

UK PLC

We work with health and care teams to carefully match their challenges to tested and adoption-ready innovations

More than
530,000
patients have
benefitted from
our national
programmes and
initiatives

More than
179,000
hours of
healthcare staff
capacity released
across local and
national
initiatives

More than
1500
innovations in our
national pipeline
of innovation

184
companies
created long-term
strategic
partnerships

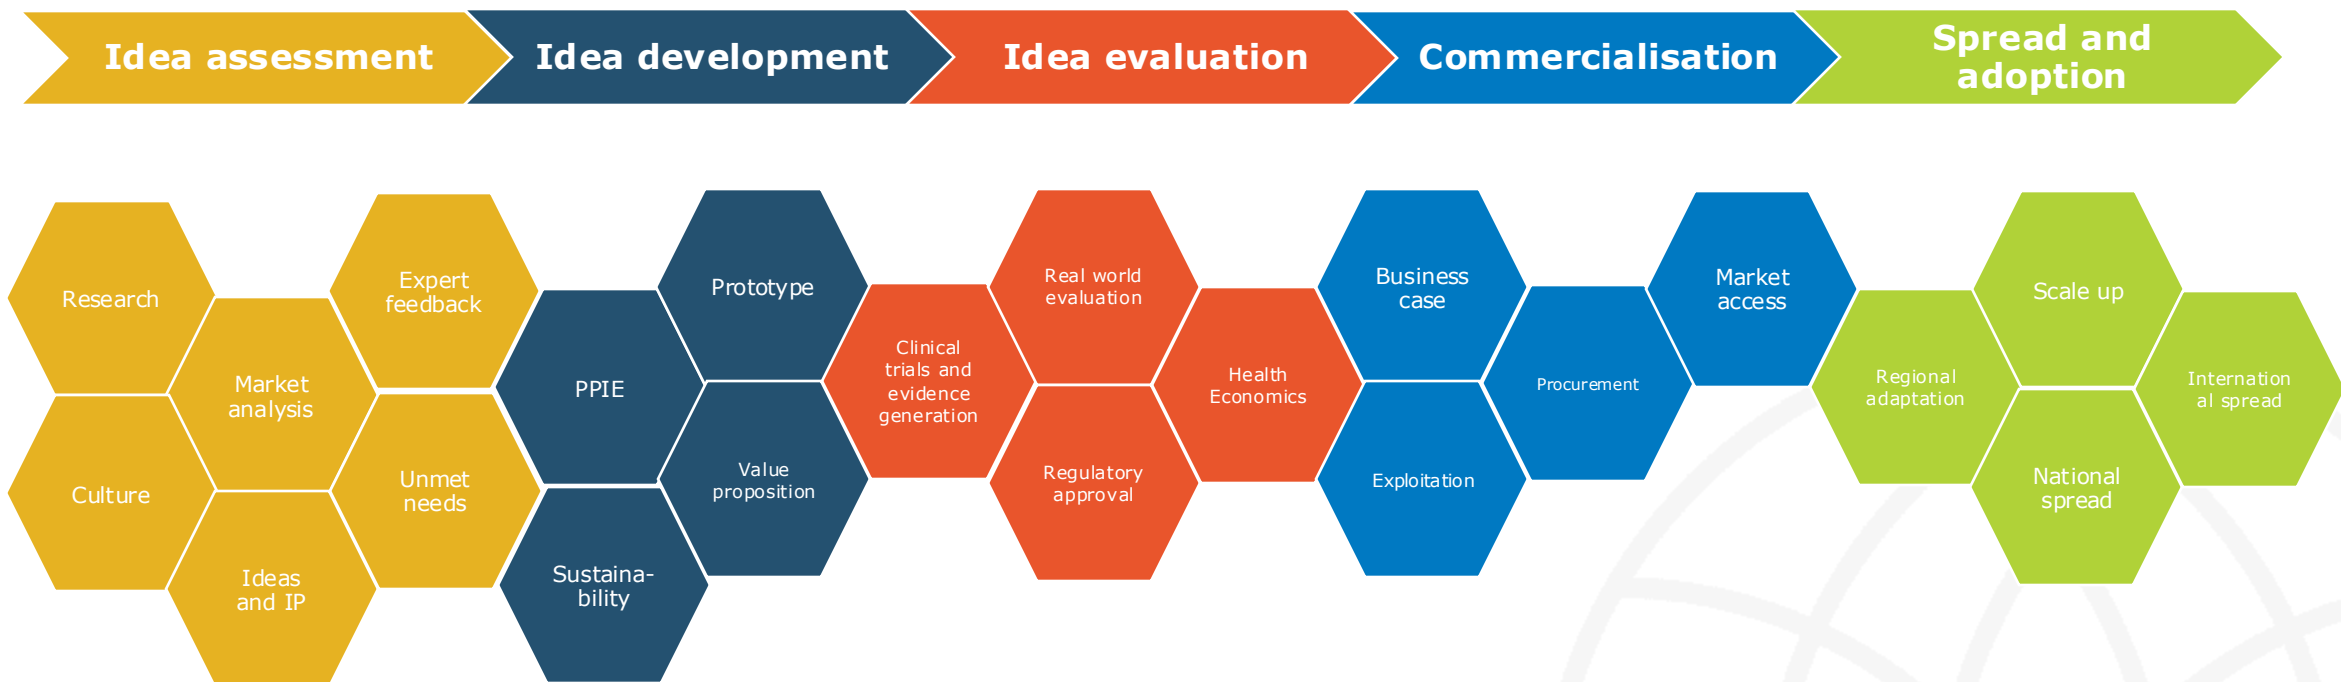

Our innovator support offer

The Office for Life Sciences (OLS) commissions us to improve patient care and generate economic growth. We do this by supporting innovators from initial idea proposition stage, to deployment in the NHS.

Develop: our offer to innovators

We work with innovators to develop and deploy their innovation

More than
5000
interactions with
companies

More than
2500
companies
supported

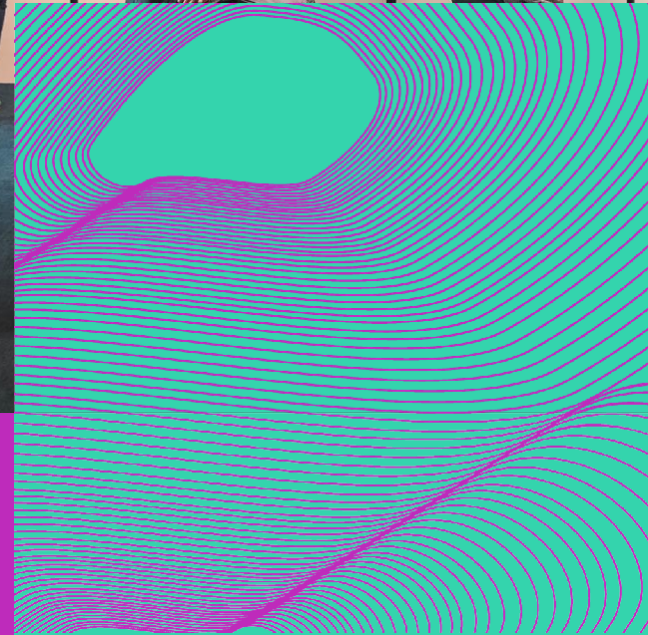

£476m
investment
leveraged by
companies we
supported

More than
1300
jobs either
created or
safeguarded in
companies we
supported
